Introduction

Revolutionizing Vape Access, Revenue Streams, and Sustainability

NexBox – The Ultimate Vape Vending Solution

NexBox delivers premium vape products directly to 21+ venues, creating a seamless, profitable, and eco-conscious vending experience.

Our fully managed solution not only ensures a hands-free revenue stream but also elevates customer satisfaction while promoting sustainability.

The Vape Industry Opportunity

Why Vapes? Why Now?

\$67.1 billion market projected by 2027
with a robust **27.3% annual growth rate**
(Grand View Research).

400% surge in disposable vape sales,
particularly in bars and clubs (Nielsen
Retail Data.)

70% of adult customers prefer
purchasing vapes in social settings,
indicating a high-demand market
(Harvard Business Review).

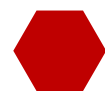

Meet NexBox

The Future of Vending.

Advanced Age Verification:

I.D. scanning ensures sales exclusively to customers aged 21+.

Smart Inventory Management:

Remote monitoring for optimized stock levels.

Cashless Payments:

Accepts credit/debit cards, Apple Pay, Google Pay, and more, catering to customer preferences.

How NexBox Works

- Quick Installation: Setup takes under 2 hours with zero disruption to your venue.
- Fully Managed Operations: We handle everything from stocking to repairs, so you can focus on your business.
- Premium Quality Products: Only the best disposable vapes sourced from Vape Wholesale USA.

Operation GreenBox – Our Sustainability Initiative

Leading the Way in Vape Recycling

Addressing E-Waste:
NexBox collects used
vapes, preventing harmful
lithium-ion batteries from
polluting landfills.

Significant Impact: Each
NexBox machine can
divert over 500 batteries
per year from landfills.

GreenBox Certified
Partner: Gain recognition
for your commitment to
sustainability while
attracting eco-conscious
customers.

- Touchscreen Control
- Guaranteed Vend Sensor
- Optional Age Verification

PRODUCT DESCRIPTION

Our OMNI SERIES MINI is designed for those who want to make a BIG impression with a small footprint. The impressive machine comes packed with features including the 32" touchscreen to draw your customers in.

You can choose to wall-mount the top portion or keep it on its back-lit lightstand.

The machine can vend 10 different selections and would accommodate between 50-190 total products, depending on your product sizes. We customize the initial interior hardware for you, AND you can change it in the future.

The 32" interactive touchscreen provides an amazing customer experience. The machine will display standby videos, promotional ads, product images along with descriptions and your customers will be able to scroll through the products to learn more about them. We can even help you integrate your QR codes!

The cashless payment system accepts credit card chip payments for added security, along with swipe and mobile payments such as Apple Pay™, and Google Wallet.

There is remote management of your machine from the comfort of your home, where you can change out product information, pictures, and prices. You can also see sales reports from your computer or smart phone with the amazing Vending Management System.

Create a completely custom graphic for the skin of your state-of-the-art OMNI MINI. Either use our template to create your own, or you can work with one of our in-house graphic designers to create the perfect look for your brand.

Guaranteed Profit Share

With NexBox, you don't just gain a machine—you gain a consistent, passive revenue stream.

5% Revenue Share:

- As a NexBox partner, you'll receive **5% of total gross sales** made from the vending machine at your venue.
- Payments are made **monthly**, with a detailed sales report for full transparency.

No Maintenance, No Hassle:

- We handle everything—**restocking, maintenance, repairs**, and customer support—so you can focus on your business.

Example Earnings:

- With an average of 300 sales per week, your monthly earnings can easily reach **\$1,200**.

Market Research and Customer Trends

- ◆ **72% of 21-35-year-olds** favor contactless payments and make impulse purchases (Statista).
- ◆ Only **10% of venues** currently offer vape products, presenting a unique growth opportunity.
- ◆ **84% of customers** prefer purchasing from machines with verified age checks (Vape Business Journal).
